Mr. Michaud,

Ivan just spoke with me after getting a call from Craig Posto. He explained to him that your green line was the acceptable solution per my decision, after I consulted with Craig prior to the second mediation meeting. I think he is just a bit on edge in lieu of past disagreements. Please continue with putting in the fencing we have both agreed to. Perhaps shift it a tad over so its not right up against the flower bed. Perhaps this will mollify future protestations. The fencing you are installing looks fine.

Michael

Awesome, and thank you again. I will bring it back to make sure he has a full 10' next to his garage. I think that's the fire code, anyway, and I can work with that...

Mr. Michaud

My pleasure, it looks good.

Michael
