Who enforces Chapter 90 of the Oregon Revised Statutes? I've cited violations before and my landlord simply had the laws changed. Legal aid will do nothing unless there's an eviction notice, and not necessarily then... I've been down this road before. You're telling me nobody cares about things like unsafe barbed wire on Sundance Circle? I will forward all of this to the State, but I don't think they're going to do anything at all. Short of the Governor's Office, isn't there anyone responsible for overseeing the unsafe practices of a slumlord? This is private property, but I'm a home owner with all the same rights as any other home owner according to Chapter 90. I verymuch do appreciate the time and attention you've given this, all the same. Getting the dialogue moving is a step in the right direction...

Thank you,  
Indigo
