I am being harassed by the owner of the property I live on. I have asked for the facility water bills which are to be posted online, as per the law, but I have only been stalled... I am still claiming that my landlord is engaged in fraud and that the residents here are getting ripped off. I sent a letter of intent saying that I plan to file a case in Small Claims last week, then I offered the owner an additional week, at his request... he keeps offering me a worthless spreadsheet file showing my personal usage, pretending he doesn't understand. Please review these forwarded messages that are a followup to the email I sent you a copy of already. And, if it is within the scope of police duties, please contact Highland View and inform them that ORS 90.582 is a law that applies to them and that they're not allowed to harass residents. I am currently working on a digital filing and am concerned by their tactics. I have posted all of the relevant emails to this case on my website, <https://skysurfer.media/water-emails/> -- this has literally been going on for years. I will be treated with respect in my home, even if management believes I haven't earned it. The owner is certainly obligated.

I am about to file in Small Claims. Your inane dismissal of the law and my requests is an insult to my intelligence. You are required to post the facility water bills on the internet for all to see. You could have a website that allows tenants to pay their rent and water online in the time I've been patient. I don't think pretending you don't understand will work with a judge. At this point, you're harassing me for asking valid questions. I am calling the police and reporting this, as well as updating my website. Short of giving me ALL of the information I've requested, including a website with the facility waterbils posted, please don't bother me with alternative offers. I gave you a month and then an additional week, after years of emails. You're just stalling me... prepare for answering in court, instead. You can see the emails relevant to the water on my website, <https://skysurfer.media/water-emails/> -- and if you want one of your own websites, you can easily create one.

Mr. Michaud,

I have your water bills that I can send you right now in an Xcel format. Setting up a specific website that has proper security protocols to insure only the correct tenant can access their water bills is beyond my technical acumen. I can provide you, by sending you an email over the Internet, your water bills for 2023 and 2022 immediately.

I am investigating whether I can create an external cloud based storage solution that is readily accessible via a web browser. I am attempting to provide a low cost option for tenants to view their water bills per their request. Email is one such solution. Any outside technical consulting or website construction would incur considerable cost that I do not wish to pass onto the tenants.

Please let me know if you would like me to send the email with the data you requested. Creating a more complicated Internet location will require further investigation into the cost structure, that will require more time and I would ask for your patience as modalities are looked into.

Sincerely,

Michael Huarte

Mr. Huarte,

I'm sure you've read my emails. The request is for an internet address where the facility water bills are posted, among other things. A spreadsheet file is inadequate. Please note sections (1) and (3) of ORS 90.582 and perhaps reread my emails? I am insisting on all of the information I requested.

Indigo

90.582 Publication of submeter or pro rata bills; tenant inspection. (1) If a landlord bills tenants for water using pro rata billing or submeter billing, the landlord shall post the facility water bills in an area accessible to tenants, including on an Internet location.

(2)

A landlord shall, upon written request by the tenant, make available for inspection by the tenant all utility billing records relating to a utility or service charge billed to the tenant by the landlord during the preceding year. The landlord shall make the records available to the tenant during normal business hours at an on-site manager's office or at a location agreed to by the landlord and tenant. A tenant may not abuse the right to inspect utility or service charge records or use the right

to harass the landlord.

(3)

If a landlord fails to comply with a provision of [ORS 90.560 \(Definitions for ORS 90.560 to 90.584\)](#) to [90.584 \(Park specific billing for water\)](#), the tenant may recover from the landlord the greater of:

(a)

One month's rent; **or**

(b)

Twice the tenant's actual damages, including any amount wrongfully charged to the tenant. [Formerly 90.538]

Mr. Michaud,

Do you the the Xcel application on your computer. I received the data and it is all in an Xcel format.
