P.S. I will look at the link you're sending but I'm under the impression they're not the facility water bills, but an enhanced version of my personal bill... I apologize if I got this wrong, but it changes nothing else. As you may imagine, I am extremely upset about this situation - this has been 16 years of my life, and only after Barbara died did it become clear who was responsible for all the exploitation and many of the adversities I've suffered throughout my life. I'll be 52 years old in February and I don't have any friends because of your manager. That may sound delusional, but it's true. He's pathological. I just want this to stop. Please, fire him. I get harassed by Jehovah's Witnesses in California, Mexico, wherever I go - they had a problem with my Father. And not even my right to privacy is respected. I literally cannot speak in my home without it being reflected back at me in public that same day - it's just harassment. And you can bet, I will not stop fighting for my rights. I still haven't given up any of my dreams, and t still deserve some answers.

Indigo,

I have sent an invitation to a Google Drive location where the water bills for 2023 are located. They are in the form of a PDF. Your gmail email account should suffice to be able to access the park water bills. Contact me here if you cannot access the PDFs.

I have also processed a check for the sum you requested in the small claim,. It will come in the form of two separate checks. One for the amount is the claim of \$512.00, the 2nd check will cover the fees + cost (57 + 18 = \$75.00) as noted per the court document regarding the small claim. This check will be processed on October 23 and will go out in the mail that day.
