Please be advised that I have been awarded \$3,191.88 in Small Claims case 24SC00677 against Highland View Mobile Estates and not surprisingly, management and the owner are ignoring my emails and the court order. The first case 23SC27597 was decided in my favor and police had to contact the judge and threaten Highland View with contempt of court before they begrudgingly paid me. I am requesting the same thing with this email and it's the same judge, Matthew Donahue. As well, a third case 24SC04246 has been accepted for the same fraudulent water billing regarding January's bill, and I'm awaiting the papers to serve Highland View by mail. And, I think today is the day that February's bills go out, despite the fact that Highland View has been well informed that they are in violation of the law. All correspondence is documented on my website, <https://skysurfer.media/legal-cases> and will be kept current until all of this is settled. Obviously, this requires police involvement as neither Ivan Erdman nor Michael Huarte have enough respect for me or the law to even reply to my emails. As I'm sure you are aware, my emails also seem to get ignored by police except inasmuch as you may use the information I provide to make arrests. And I'm aware that any time an officer has offered to respond to me in previous queries, they've been reassigned or for some other reason they never reply. I'm writing this to demand that justice be served - and let's just start with the quality of the water and the fraudulent water bills. There are several unresolved legal issues between myself and management that stem from family issues going back to before I was born, and my contention is likely to extend beyond the business of Highland View, specifically. So, it's important to be clear about which square of the chessboard we're on. This email is to request that both the owner and the manager here should be held in contempt of court, that they should have to pay additional fines if applicable, and that they may be jailed for failure to comply if they refuse to respond. At this time, I am owed \$3,191.88 and they have the same right to contest the next case as they did the last one. I do expect a reply in writing from someone. Thank you in advance for your help with this.
